The Premises:

Very nice and clean. Towels, gels and mouthwash provided. Nice area, felt very safe and convenient free parking short walk away.

Good subdued lighting in room. Bed comfy and fresh.

The Lady:

This one rocks my boat: perfect figure, lovely face and intelligent with it. She responds readily but thankfully doesn't talk too much.

Go to her website for a physical description. She has a light Spanish accent and speaks perfect english. She's a dream.

The Story:

After cuddles I declined the suggestion of a bj and she handed me to a state of high arousal. After mouthing on the required rainware we went into mish where I prolonged the pleasure of feeling her tight pussy around me til I could bear it no longer and came in a long O. After this a spell of massage for me to get my breath back. Then I returned the compliment, my mouth ranging all over her front until my tongue found her clitty. Vanessa really enjoys it all and its a real pleasure to be with her in her arousal.

She is planning to start a massage service on a proper table and I look forward to this; I imagine there will be an erotic component to this! I'll certainly be going back, even just to spend another hour with her. Its years since I last wrote an FR but I felt others should have the chance of some of this.
