The Story:

It had been six years since my last visit to Lisa and was keen to get back down to Plymouth for a second go - and it was worth it.

Lisa is a very nice, easy-going and attractive lady who puts you at ease straight away and really enjoys her work.

She started off undressing me, then gave me an OWO blow job. I returned the favour with some licking and fingering which she absolutely loved and actually squirted when I did it, which she said never usually happens when she's with a punter. She was pretty tired after that but up for carrying on, so we fucked in the missionary position and she came again.

I remembered from my last visit how good she is at rimjobs, so brought it up. She obliged, but said that she does it less often these days because some of the men that visit her aren't too clean down there - eek. But she did a stirring job on me. Then I wanked myself off and came in her mouth.

Although that was 30+ mins she lay there talking with me for another 30 mins. Like I said, lovely lady.

I won't leave it so long before my next visit.
