The Premises:

Standard for this establishment: ie clean safe and comfortable. Maid and telephone lady were both polite and efficient.

The Lady:

Se is in he very early twenties. Sshe is tall, leggy and athletic; with a very pretty face and long hair. She has small pert tits and a washboard tummy. She has a lower back "tramp stamp" tribal style tattoo plus 1 tiny other one. Pictures on web site very accurate.

The Story:

She has a lovely warm personality, and a girl next door vibe. She gives a very friendly, enthusiastic and "authentic" GFE. Excellent body to body massage and BBJ with plenty of eye contact, followed by sex in 2 positions. Constantly running hands over my body etc, not a clock watcher or a star fish. This was my second visit to this particular girl and was even better than the first, looking forward to round three in a week or two.
