The Story:

This is the first time in 20+ visits to Ego over the years that I did not leave happy. This is typical of a physically attractive women not needing to try hard at all. The back "massage" last 8 minutes, with oil squirted directly onto me rather than onto her hands first. The massage was so light it was hardly touching. Then 8 minutes in "could you turn over", and straight for the cock - no massage of the front at all. Just yanked it as hard and fast as possible to get me out the door. I was finished, showered and driving away 20 minutes after arriving at the front door.
