The Premises:

The area is a bit run down but the parlour is fine once you find it. You need to go around the back of the property for access. Plenty of on street parking about.

The Lady:

Tall ,attractive, leggy with amazing firm large tits. She's a red head and has a lot of tattoos and a piercing in her labia. She says she wants to lose weight but I found everything was in good proportion. If she was thinner she would look like tits on a stick!

The Story:

First thing worth mentioning is how friendly and chatty she was. Puts you at ease straight away. She asked what I liked before we started which is very good practice for any escort. You can tell she's the boss. Started with good OW (don't know if OWO is available) which I watched her performing in the numerous mirrors. We switched to RO where I had fun with her piercing. Then onto missionary, then legs over my shoulders, then doggy standing, then doggy on the bed and finally an oily HJ to finish. All in all a super session with a true pro. I only wish I lived close to Hull as I would love to play with those firm tits again.
