The Lady:

Lisa is an absolute stunner - a bob of blond hair, a pretty face, bright ,an hourglass figure and boobs to die for.

The Story:

I got wind that Lisa was on tour in my neck of the woods, so phoned her mobile for an appointment. This was easily made via her efficient friend/PA. I arrived right on time, rang again and was given the room number by L's friend, who opened the room door for me then discreetly disappeared. L then appeared herself - what a vision of loveliness and pure sexuality clad in black high heels, black stockings and suspenders, pick frilly nickers and matching pink pus-up bra - wow! We embraced and L gave me a deep french kiss. I quickly disrobed and lay on the bed, and L started giving expert attention to my soon burgeoning member. She has this great way of telling in gloriously dirty language what she is doing to you and what she will be doing next. Soon we were into 69, and L encouraged me to stick my fingers in her cunt and arse, as well as licking her soaking pussy.

No more details, but suffice to say that the two hours passed in a blaze of lust, with L cumming numerous times and particularly enjoying my vigorous missionary on her.

L is often on tour - catch her when she's at a town near you! And come back to Bristol for me soon, gorgeous lady!
