### The Premises:

Flat in a large block of flats in the city centre. The building is a bit of a maze due to its size but it felt safe enough, there were plenty of people around at least at the time of visit.

The room was colourful and relaxing, pleasantly set up and the bed was comfortable.

### The Lady:

Thai woman in her early 30s probably. She speaks good English having been in the UK for a number of years. Average height, in good shape physically, a nice smile. Photos on the website are accurate.

### The Story:

I chose body to body massage from her range of options. So the short dress Suzy had been wearing came off as did her underwear. Massage was very pleasant. When I was on my back she continued the massage and then turned her attention to my genitals. Full sex was on offer but for ?20 more. I settled for a hand job which was nice anyway and as she said "you can touch me." So I did.

She is good to be with and I will be back with an extra ?20 next time.
