### The Premises:

It was a first floor flat, small but quite trendy in an anonymous tourist/business type area. I felt totally safe.

### The Lady:

Lucy matched her description on the phone, which I felt was a good sign - she had a Lara Croft figure, incredibly slender & busty.

### The Story:

Lucy was very welcoming, immediately offering me a drink and was very sensual, touching and stroking, but without being overpowering and a bit phoney in the way that some girls are when they do this. After a minute or so of chat, she took my hand and we went into the bedroom where she started pushing her huge tits into my chest. She took her time and seemed to be getting genuine pleasure from what she did.

I started to strip her and she pushed me onto the bed about half way through and massaged my face with her tits, murmuring "Feel my big tits" and such-like, which I thoroughly enjoyed. I sometimes have problems keeping an erection - I hadn't told her this - but she undid my trousers and slipped on a condom almost without my realising it, and then sat astride me before it had a chance to go soft. Thereafter, I had no problems in that department.

She slowed down and hung her tits in my face for an even more thorough facial tit massage and seemed to enjoy it when I slapped her bum -nothing too hard or over the top, just good slapping fun. She seemed to read my thoughts and got up and into the mish position and we went at that for a good 10 minutes or so. Without my asking for it, she gave me a quite a lengthy blow job - I always find it a turn on if the girl goes into stuff I had not asked for, as then I know she really enjoys it.

I finished with a wank onto and all over her huge tits, during which she again talked dirty and - call me naive - but it seemed to me that she did this with real relish.

Once I'd cum, she cleaned me up, chatted and cuddled and did not seem bothered that we had gone slightly over the hour. A clock watcher, Lucy isn't. I left in a warm glow. This was a great experience.
