The Premises:

Nice working flat with an average room with a mirrored wardrobe that Chloe uses to good effect. Seems to be looking out for you and so buzzes you straight in when you arrive - so no furtive waiting around on the doorstep.

The Lady:

Slender young EE girl (I'd say very early 20's) with a totally fit body, long legs, great tits, silky long dark blonde hair and a beautiful smile. basically just what you see in her agency photos. Remembered me from my last visit, which was a nice touch. I certainly remembered her! I've no doubt Chloe is beautiful however she dresses, but she always presents in glamor underwear, which shows off her great body to its full potential.

The Story:

I really like Chloe. She really knows how to give great service. Now you may think that about lots of escort girls, but the truth is they just know how to fuck - not how to give service. Very few girls know hoe to give really good service, and here's why:

Chloe doesn't ask superfluous questions, like "would you like a blow job?" or "what position now?" - she just gets on with it!

She starts with a fantastic covered blow job, during which her hands are all over her own body and yours. Stroking her tits, opening her juicy pussy, caressing your ball sack and all the time with her beautiful face bobbing up and down one your very rapidly stiffening member. Great views to be had in the mirror boys - don't forget to look!

After about 10 minutes it's into sex, and from behind. Here you will get a great look at her slender but shapely arse and her delicate little pussy as you pump into her. Again Chloe is constantly varying the position: legs on the floor, one leg on the bed, both knees on the bed while all the time looking round, tossing her hair, and if I am not mistaken, coming to a very satisfying orgasm in between.

Chloe really does have a fantastic little cunt. It is wet and tight. It's what I'd describe as porn star pussy. Neatly shaved, but with just enough lip on the outside to make it attractive but not look like some left overs from the Sunday roast - if you get my drift. Nice and pink when you spread them apart, and the folds from her vulva continue right the way back until they disappear at her tight rear starfish. It really is very attractive, and I don't think I'd ever get tired of seeing it service my erect phallus, because it is so absolutely juicy!

Next it was onto the bed, and Chloe mounted me with her on top. here there was a good mix of positions with Chloe varying repeatedly with almost seamless transitions between each rampant sex position. Cow girl, squatting, side squat, reverse cow girl, reverse squat, and finally into lying back on me for the reverse so I could hold her tits and toss her up and down on top of me while pumping into her. Chloe was looking in the mirror and I was too! Absolutely fantastic!

Finally I pulled out and put her back on top for some more steady drilling, followed by flipping her over (while still maintaining penetration) and into missionary. Here Chloe really excels too, and her long legs really come into their own gripping you round your waste to really good effect. The soft vocal noises she makes too are a real turn on. None of this monotonous monotone moaning you get from some.

Finally to complete Chloe had already suggested I complete on her tits, which was all her suggestion. So when I was finally ready to spurt after a good 50 minutes of full on sex with a wonderful young lass, I pulled out, removed the condom and wanked my member to a very satisfying climax all up Chloe's fantastic chest as she sat on the edge of the bed.

Unfortunately I was very excited by all that had gone before, and a large spurt of my first jiz of the day hit young Chloe right under the chin. Sorry about that Chloe, but I don't normally shoot quite that far and I think it caught me as much by surprise as it did you!
