The Premises:

A block of council flats, felt ok in daylight but not sure what its like after dark. The flat is shared by Di and her non working girl friend and two big dogs so the place is a little untidy with carpet stains but no smells. The dogs were in the kitchen when I arrived but in the lounge when I left, one was lying down the other came for a sniff and lick but was not threatening, anyone not comfortable with big dogs may get nervous.

The Lady:

Cute face especially with her dark hair down, a little bit curvy, is on xx as English Nymph. We hit it off quite quickly and so found her to be a very friendly and amiable girl and we chatted away nicely between and during sex.

The Story:

Had to chop and change my arrival time but she was quite understanding.

Di kisses well and was happy to change positions, she says she is a nympho and with the noises and faces she makes its believable.

Had a nice chat during my breather and she is a real sweetie who was complimentary about my manners and behaviour compared to some of the pillocks she meets.

I had had a tough morning and did not expect to get up a 2nd time but looking at her overrode my tiredness. Had a lovely 2nd session although I couldn't come again she said that she had and I believe her.

If you do not have a good time with Di then you are to blame.
