The Lady:

Alex's photos are on the website - you can just about see her face on some of them - in any event Alex is exactly as her photos show her. She's stunning. Think the hot sixth form head girl....

We agreed that for our session she would wear red basque with black stockings with red heels and Alex looked a total knockout.

The Story:

A short notice booking sorted out very quickly over the phone with the very friendly and efficient maid. She let me in and soon Alex came in to say hello and offer me a drink.

I had seen Alex once before at the start of the year- that time she was submissive and I enjoyed myself but to be honest I found taking control wasn't really my thing. I wanted to see her again though so I thought we could try a switch scenario. Alex is fine with this - so don't assume that the London Submissive Babes will just do submission!

She handcuffed me to the bed - then used a spreader bar on my legs. Once I was gagged Alex used some nipple clamps on me offering exquisite pain. I was then spanked and teased for the next half an hour including covered oral/reverse oral and sex with Alex on top before she made me cum with her hands.

Having seen her twice I would thoroughly recommend Alex as either Mistress or Slave. She's friendly and intelligent and you can't really go wrong.
