### The Premises:

My hotel. Danni and I have met several times before and since we had hit it off really well previously an overnight seemed the perfect way to explore and experiment further. I should point out that she offered a special rate following our previous meetings.

### The Lady:

Danni is very warm and attractive and originally of Italian extraction with dark hair, blue eyes and tanned skin. she is very articulate, chatty and great fun to be with: the time flew by!

### The Story:

We began with dinner to catch up with each other and celebrate her birthday before retiring to our room for a wonderfully relaxed night of mutual pleasure: it was great to feel that we had lots of time to enjoy each other, so there was lots of oral both ways, kissing and stroking leading up to sex in a variety of positions, interspersed with breaks to enjoy the delights of room service. Then in the morning more lazy, relaxed sex before it was time to go our separate ways.

I know some are dubious about the value and worth of overnights: all I can say is that the lack of pressure of time was absolutely brilliant, especially when you are with someone whose company you enjoy so much.

We will certainly meet again next time I am in Birmingham!
