The Premises:

The area is safe enough, the flat is above a row of shops you simply push the door open climb the stairs and there is a security gate at the top. This place is badly in need of a makeover, I don't think they've even repainted despite having been here for several years now.

The Lady:

Crystal is a mixed race English lady in her late twenties not as buxom as described on the phone but not flat chested either, not a stunner more "girl next door", offers OWO and CIM.

The Story:

I've seen Crystal before and enjoyed the experience she's a no-nonsense lady and delivers her service with skill and enthusiasm. I laid back on the bed and let Crystal do her thing, her oral skills are top notch and very full on, she does not mess about. Taking a very firm grip of my cock she takes it deep into her mouth using her lips, tongue and teeth to pleasure me, lots of spitting at my request as she bends my cock this way and that, I didn't last long and soon I was pumping spunk into her mouth. No letting your cock go at the first spurt with Crystal she kept me in her mouth until I was drained.

After a pretty good massage my cock was back in her mouth and once hard enough I fucked her in mish before withdrawing whipping off the condom and finishing with a very nice tit wank.
