The Premises:

Lovely terraced house in quiet street with off-street discreet parking. Easy to find. House beautifully decorated and furnished. Very safe and no "walk of shame"

The Lady:

Very attractive lady with short blonde hair. Great legs, bum and boobs. Very slim and trim. Helen said she was a stone overweight, but I couldn't see it. She looks stunning.

The Story:

We had a couple of phone calls before the meeting and I found Helen to be really nice intelligent lady with excellent communications. She was very clear about her services and limits (which was fine).

Sat-nav overestimated the time it would take to get there so I arrived 30 mins early. Helen was most accommodating and saw me earlier than planned.

She greeted me at the door wearing her smart black uniform. She made me a cup of tea and showed me the treatment room and her "boudoir" (not that there would be any "boudoir action"). A nice hot bath awaited me. I love baths and after a day at work it was lovely to be able to freshen up. What took place over the next hour or so can only be described as the most sensual non-sex experience imaginable. A soft gentle massage leading to intense body to body on both sides culminating in a lovely oily HR climax. A slow wind down followed and another bath to wash off the oil. Then a lovely chat in the boudoir before getting dressed, settling the bill and leaving (with directions to the best fish and chip shop in the world). Perfect.

Helen has not been doing this for long, but she is extraordinarily good at it. A lovely lady who I will definitely see again.
