The Premises:

This establishment occupies a flat in a smart building close to the centre of Folkestone. It is near the Police Station. Parking is available nearby. It is on the first floor and the flat consists of one very large and one smaller room. I am not sure which is the 'new room with refreshments available' and was not offered a choice. The rooms have high ceilings and are a bit cold. There is a bathroom but it was festooned with sheets and towels.

The Lady:

The problem with this establishment is that you have to pick your lady in advance. You do not get to choose your date on arrival, although there are usually several ladies in attendance. I was offered a choice but was only given their names and a brief description. Maria was described as 21 and slim. The website says 'not particularly busty'. I would say she was around 30 and would agree that boob lovers would do well to avoid her for the reason stated above.

The Story:

Maria was friendly and offered a good service at a rate that is not unreasonable. However, the room was a bit on the chilly side having been left unheated since the last client. Also I would have preferred to choose my companion 'in the flesh' rather than from a verbal description. The website (in common with many others) probably understates ages by about 10 years. Overall, this was at best a satisfactory punt.
