### The Premises:

Outcall

### The Lady:

Good figure from what I could tell, shame she has no skills in seducing or putting people at ease with it.

### The Story:

I so wish I had read the reviews here about Paloma before booking her.

She arrived and immediately started to behave like a drill sergeant, telling me that she wasn't going to do this for an hour and that we'd do our business for a while and then spend the rest of the time talking!!

I asked her to wear some sexy clothes i'd bought (nothing kinky just a simple black dress) but she refused saying she didn't know if someone else had worn them - despite them being new and with tags still on, and she added it was extra anyway.

After a few more orders in her aggressive manner about what would and wouldn't happen, I decided to jump ship and called the agency who are normally quite good. I cancelled because of the above and they agreed to charge a nominal fee for the cancellation which I accepted. Paloma left but when the driver came they ended up taking more than was agreed for the cancellation.

All in all a bad and regretful experience, despite using Vixens agency before with no problem this was so off putting that I'm staying clear of them to avoid Paloma and women like her.

Thanks Punternet for this site, just wished I read the reviews before I booked Paloma.
