Good quality Heathrow hotel. Very discrete with easy parking. Room was ok with all you need, large bed & ensuite.

The Lady:

Sonia is a beautiful stunning blond with the most amazing body, approx 5'6", slim size 8, 34C bust aged 22. Vanessa is approx 5'3" with a slim size 8 body, slightly tanned skin, long brown hair, 34C breasts and also an amazing body aged 20. What more could you want? The ladies are even better in the flesh than their profile 'YOURDREAMGIRLFRIENDS'. Sonia was wearing black stockings and a red teddy, Vanessa was wearing black fishnets with a purple body. Both sexy as hell! Vanessa's personal profile is POSH_VANESSA20 and Sonia's is GORGEOUS_22.

The Story:

This was my second 2girl punt with these ladies. All in all I have now seen Sonia 15 times and Vanessa twice. Both ladies are simply the best I have ever met. I cannot see them enough! I arrived to find this amazing feast for the eyes. I stripped off quickly and joined them on the bed. What followed was overwhelming sexy fun. So many wonderful moments. Before long Sonia was playing with my cock whilst I sucked Vanessa's fantastic tits. Then on with the condom and Vanessa sat on top. She was so sexy and one moment I was sucking her tits whilst she rode me with great excitement, then sucking Sonias magnificent tits. Turned over and I fucked Vanessa on top with Sonia encouraging me by squeezing my balls, this was a dream come true. A most excellent orgasm then relaxing massage from them both leading to sexy touching. Turned over, on with condom and wonderful oral from Sonia whilst I sucked Vanessa's tits. Then Sonia suggested we fuck standing up with Sonia leaning against the wall, doggy was incredible. Then onto the bed for more doggy, with Vanessa kissing me, rubbing my balls and pushing her tits in my face. Pulled out and Vanessa wanked me off over Sonias bum. Good God does life get any better than this? Two so sexy wonderful ladies full of pure fun and escapism. One of my best ever punts. Will see them again very soon. Highly Recommended.
