The Story:

I'd booked Vanessa as a treat after 21 days straight work without a day off, and to indulge a life-long yearning for Brazilian girls. Petite, blonde, gym-toned and busty she sounded like a bundle of gorgeous fun.

Vanessa appeared in a skin-tight white cotton dress and slutty heels. Petite, trim and gorgeous, a cute face with a slim slinky body, my mind raced at the prospect of our time ahead. I told her of my thing for Brazilians and my need to unwind. She ordered me to take my clothes off, telling me she wanted to make the most of our half hour. As I stripped down, she positioned the bedside mirror, told me to sit on the edge of the bed and promised she would make me forget the past three weeks. Dropping to her knees she was good to her word, taking me in her mouth with some of the most skilled and enthusiastic head I've received.

I found her warm and funny, a deceptively smart, cool chick with a great sense of humour and a real appetite for hot sex, particularly sucking cock if it's a nice one, she says. She spent a lot of time admiring mine, I'm pleased to say. I'm well endowed, and she was enormously complimentary about it throughout my time with her. She said her condoms might be too small for me, and we gave it a go, but combined with Vanessa's difficulty taking me inside her and the constricting condom meant I lost my erection. 'How about I'll suck your cock really good instead, and you can come in my mouth' she offered. I gladly accepted, and was treated to a long, teasing, deep sensual blowjob, Vanessa keenly and expertly taking my once-again rock hard cock deeper into her mouth than most girls ever have been able to, and a languorous, worshipping technique to her cocksucking. The way her body writhed and moved around the bed and over mine, ass and pussy in the air, visible in the mirror as she went to work on my stiff cock, admiring and complimenting it all the way was nothing

short of heaven. She kept the pace well over the remainder of our time, bringing me to the edge with her mouth, then alternating with a delicious trick - riding her juicy pussy and pierced clit back and forth along my rock hard and slippery cock. I was more than happy to leave fucking her for another time, when i bring my own condoms and I can enjoy her doggy style, as was offered with a wicked glint in her eye that suggests it would be as stand-out an experience as her cock sucking.

Vanessa was easily my best ever paid-for encounter (nb: although I've not had more than a dozen, this is the first ever report I've been inspired to write). She's highly skilled in bed, wanton and sensual, keen to give great service and clearly responds well to respect and good manners - if she likes you, you're in for a real treat. She's cute and extremely sexy, full of tricks and great for the ego. Would I return? No question, I think she'd just get better and better.
