### The Premises:

Ground floor flat in modern purpose built apartment block close to railway station, town centre and car park. Area was safe and pleasant.

### The Lady:

Stunningly beautiful Polish lady in her early twenties. Blonde hair, smooth tanned skin, large D cup breasts, lovely figure. Hair, scent, make up and underwear were all very nice indeed. Speaks good conversational English.

### The Story:

Arranged the appointment over the phone taking care to confirm that French Kissing and Oral Without were on offer.

When I arrived I was told to shower and she then asked me to lie on the bed whilst she gave me a massage. This was interrupted for a couple of minutes whilst she took a call from her mum.

On turning over, I saw her reach for a condom which I told her to put away because I wanted to kiss her first. She then explained that due to a dental problem she was unable to kiss anyone at the moment.

After round one, which was reasonable but which lacked much eye contact or enthusiasm on her part, she suggested I go to the shower to clean up. When I came back she was fully dressed and told me that she only offered a come once service and asked me to dress and leave. She at least had the good grace to look surprised when I told her that I thought this was rubbish.

Would not return due to what I perceive to be dishonesty concerning the services on offer and spending just 30 minutes on the premises when I had paid for an hour. Stunningly attractive lady though.
