Tall, slim, gym-fit, blonde former model. Confident, friendly and chatty. Lovely face, perfect complexion with tasteful make-up, manicured, pedicured and not a hair out of place.

The Story:

Gemma offers a wide range of services and I opted for the girlfriend experience whilst making it clear that I was quite submissive and wanted her to take charge.

On arrival I was delighted and almost stunned to have the door opened by a slim, blonde ex-model, at least 6' 2" tall in killer heels, dressed as a very sexy schoolgirl! Gemma invited me in and made me a fresh espresso coffee while we had a brief chat and then led me upstairs where, in the bedroom, she ordered me to remove my clothes. Gemma removed her blouse and skirt to reveal a leopard-skin print bra and panties (which exactly matched her shoes) and much-appreciated stockings and suspenders.

Gemma told me to lie face-down on the bed and she began to massage my back and bottom with velvet-gloved hands, moving on eventually to testicles and penis, which responded readily to her teasing touches. She then joined me on the bed, having removed her panties, for some gentle mutual masturbation, made all the more exciting by her willing participation in some lovely French kissing.

I could feel Gemma becoming aroused and she eventually told me that my task now was to provide her with an oral orgasm. I really enjoy giving oral and it was a great pleasure to do so for such a beautiful and responsive lady. There were no fake histrionics but Gemma did voice the odd word of appreciation and what was the most exciting was to feel her respond involuntarily to each gentle flick of the tongue until finally I felt her whole body tighten in a shuddering silent orgasm. Looking at her now I could hardly believe how much her labia had swollen!

After a few moments of quiet recovery Gemma jumped up purposefully and told me to lie on my back as it was now my turn to receive pleasure from her. She knelt between my knees on the bed and began to lick the shaft of my penis and my scrotum before eventually taking the head of my penis into her mouth for some delightful oral, accompanied by attention from a Magic Wand vibrator.

Gemma then told me that she wanted intercourse but didn't want me to come just yet as that was going to be a treat for her. She fitted me with a condom which had been left on the bed in anticipation and turned to face my feet, bending well forward so that I had a panoramic view of her spreading her labia and inserting my penis into her vagina. I moved my body so that I could see Gemma's reflection in the mirror at the foot of the bed as she rode me. She reminded me again not to come as it gave her a feeling of great power to have her partner come promptly and only at her command.

Eventually I had to tell Gemma that I was near orgasm and she promptly removed my penis from her vagina and took off the condom. She told me that she was going to sit on my face and watch me have my orgasm and that I would come exactly when she wanted me to. Privately I was in some doubt about whether that target was achievable but in any event Gemma told me to stick out my tongue and she lowered herself onto my face with my tongue as far inside her as it would go. She then began to masturbate me but after a short time she placed my hands on my penis and indicated I should carry on masturbating. She moved her attention to my nipples, which she began to pinch and twist lightly and I responded by repeatedly thrusting my tongue into her.

Gemma judged my degree of arousal exactly and suddenly said 'Right - come NOW?' and at the same time sat heavily on my face and pinched my nipples so very, very hard. I could only extend my tongue and arch my back (partly in pain) and with a couple of hand-strokes I was there - an enormous and very satisfying orgasm.

After cleaning up Gemma offered me the use of her power shower and unscented toiletries and provided me with a clean towel. When I had finished I went downstairs to find that Gemma had made more fresh coffee for both of us and after another chat, during which I expressed my gratitude for a wonderful morning, I was on my way home.
