The Story:

Lisa has some stunning pics so i thought i'd pay a visit and see if she looks as good in the flesh. She does although a touch of acne probably explains why she doesn't have face shots. She was friendly if a little reserved and provides a very basic service with no FK or OWO and seems a little reluctant to really get into it. But she is very pretty and her pussy is lovely and tight.

We started with a bit of sucking (covered) and then she sat on me..bit of riding and then i flipped her over and ploughed her till i came hard on her tits. It wasn't much more than 10 minutes and all very perfunctory. Her pussy was nice and tight though and she does have that sexy tanned body which looked great with my cock inside her.

I liked fucking her but i think some would feel she's perhaps not really suited to this job as she seems to provide the absolute minimal service. Compared to a lot of the other Hungarian girls she doesn't provide much in the way of a GFE and i'd strongly advise her to reconsider if this is really what she wants to do.

She is a sweet girl, very cute but not very sexy or horny in any way, which is a shame as with her body she is made for sex. We had a cordial and civilized chat after the event but i don't think i'll return.
