The Story:

It was a toss up between lara and chloe and i was advised to go with lara. She bounded in very friendly and chatty. Took the contribution and left the room. This is probably my only gripe with the whole process, she entered the room at 1900, left the room at 1902 and at 1912 she still hadn't returned. So i had to pop my head out of the door and she came to the room. She apologised and said that she had to sort out her financials with the house before the last booking - before i believe should have been the operative word, not during.

Other than that the punt was good, she carried out all services including the extra i requested and seemed to enjoy herself in the process. Despite the fact she wasted some time at the beginning we (by which i mean "I") were finished with about 10 minutes to go and we took a shower together. I had to ask the maid to avert her eyes unless she wanted to catch sight of a handsome hunk strolling to the shower ;-)

Good punt but I once again caught sight of chloe after the punt and will definitely be seeing her next time shes down on the rota
