The Premises:

Great place a few minutes from the station in a basement flat. Noone around, felt safe with it being an upmarket area.

The Lady:

Maria opened the door looking gorgeous. Her hair is dyed compared to the photos and also culrier and short.

She was wearing a shirt tied at the front and skirt with one of those flowery things round the thigh. Oh, and high heels.

The Story:

After a bit of trying to work out how to play the music, which was in Thai so no chance from me, she pretty much grabbed me and we started kissing straight away.

She nipped off to get some water and a small bottom of white wine which she fed me with. There's was some of kind of trapped air bubble and wine shot up into my eye! All humourous and we got back into it straight away.

I have no idea of what position followed what, since she's such a little whirlwind. Oral, both ways, rimming, deep kissing, fucking, anal, facefucking, lots of talking and encouragement from her and I really felt she was into it.

At the end she even used a vibrator on her clit while I was fucking her and asked me to kiss her ear to make her cum.

I was there a bit longer than my time slot, but no rush. Even had a shower and a nice chat before I went on my way.

My best experience with an escort.
