The Lady:

Different to the pics. In fact very little resemblance at all. I wondered whether it was the same lady, as her hair isn't as long. As she was different to what i expected, i was a little hesitant in handing over my money but she seemed a pleasant enough girl so I decided to stay.

The Story:

Please don't waste your time and money with this girl. Not a very warm welcome, she rushed me to the bedroom. Licked my nipples and was good at arousing sensation with flashes of her tongue. She doesn't seem to like bbbj though, and I doubt if cim is on offer, though I may be wrong as i didn't ask for this. I was happy to shag in the traditional mish position, sideways, doggy and then standing up with her legs around me. As she provided a good steamy session, i wasn't too fussed with her lack of experience or distaste in oral skills. Though she was friendly and pleasant i think she is way overpriced at 200 quid an hour given her lack of oral skills. Looking back, i think she'd be better suited in a parlour or she should seriously think about dropping her charges to a more realistic level given her looks and service. If she does that, consider her as a recommendation from me otherwise i'm not prepared to recommend her at her going rate.
