The Premises:

The outcall was at my modern house which is comfortable and welcoming. I knew she drank & up because I asked her when first calling to make an arrangement. (She's teetotal). Treat her with respect and consideration because she deserves it (as would any other lady)

The Lady:

Fabienne is a very cute and very, very petite young lady with a remarkable and mature understanding of a what pleases men. She is very relaxed and makes you feel the same from the very beginning. Nothing fazes her and you can ask whatever you want - she is totally open and very accommodating. If there's anything with which she is uncomfortable, she will be very discreet and disarming in saying so, although I found very little problem with that. I also found she couldn't be shocked - so asked away without holding back!

The Story:

She wanted to cuddle up first in a very smart school uniform and turn me on by sharing her thoughts and experiences which, whether true or not, far exceeded my own imagination and it was difficult for me to hold back. Her skills were then so subtle and excruciatingly erotic, she knew exactly how to measure the tempo of her action and adjust to my own pleasurable senses. Not for her, the bang up bang down at a rate of knots, but a slow and progressive drawing in with delicate use of her tongue that knows exactly what it's all about. What man can fail to be turned on by a legal but delicate female, dressed in a cute school uniform looking as demure and seductive as the mind will allow, catering for his every fantasy.

I can't really get enough of this little gem and have to see her again. Lots of girls say they're the best GF experience and give the best 'head' in the North West. Well, if you want Speedy Gonzales, fair enough, but Fabienne is far too smart and experienced to want to get it over and done with - she knows that, playing the role to perfection of the naughty teenage schoolgirl, you'll come back for more, She's adorable, an absolute delight and a one of the rarities - reliable.
