The Premises:

Debbies, so well-known, except that I hadn't realized the lounge is now kitted out with a bed for parallel processing when the bedroom is occupied. There is a back entrance for privacy and the place is well fit for purpose.

The Lady:

Medium tall brunette in her 20s. Curvacious, so not for those who like stick-insects. Not unlike Nina - my all-time favourite Debbies girl - although rather different in personality. She wasn't at all like the image in my mind from the photos, but I was happy with her looks.

The Story:

I was greeted at the door by Debbie - sexy as ever - and shown to the bedroom. Mellisa told me the other girl expected that day had been delayed and asked if I was happy with her. I was, especially as she seemed at ease and friendly. We agreed on an augmented house special and money changed hands. She returned quickly and tried to put me at ease, although for some reason I felt a bit nervous. However she took the trouble to work out what turned me on and the session quickly took wing. FK, 69 and OWO were followed by her riding me to completion. Then to the shower. By now she had learned to push my buttons so well that she got me aroused again. If I had opted for an hour I reckon I could have gone another round, which at my time of life is a considerable rarity.

Certainly not a run-of-the-mill experience and one I look forward to repeating when I get an opportunity.
