The Premises:

Shop unit next to cafe in village of West Horndon. Clean and safe, buzzer entry does mean you are standing in the street for a few moments, or you can use the other entrance at the back, also with a buzzer.

Parking is available either at the nearby station, or free in nearby side roads but look out for parking restrictions.

Inside is pleasant, with a couple of decent sized rooms each with a massage table. ?20 entrance fee, extras are paid to the girl. I opted for a full personal which was ?70.

The Lady:

Katie was a fairly attractive girl, aged around 30, with long fair curly hair and very freckly skin. Slim body and enhanced boobs.

The Story:

We started with the usual massage, relaxing but not particularly sensual. Katie then removed her clothes and joined me on the massage table. She was happy to kiss and cuddle, and also to lick my nipples for me. As we cuddled, she stroked my cock too.

Although I paid for oral, I didn't think I'd last long so went straight for sex, with Katie on top. She made good eye contact as we fucked, and I soon shot into the rubber.

Usual unimaginative chat before and after (what you been up to, where you off to now etc) but a decent punt which seems to be the norm here. Never amazing but never a let down. It did feel a little more rushed this time, maybe I got there just before the Friday afternoon rush started.
