The Story:

I decided that as a pre xmas treat I would try the 4 hands massage that has previously been enthused about on this site. I was greeted at the door by Ya Ya and shown up to an attic room. I kept banging my head on the sloping ceiling but it was my fault for not being more careful.

I undressed and paid the money and was invited to lie face down by a smiling and friendly Ya Ya. I did so and she left and both her & Candy returned shortly and proceeded to give me a lovely massage whilst chatting and joking with me.

The massage soon progressed to some very light and erotic touching and caressing in my nether regions. It was lovely and I was eventually invited to turn over and before too long I had shot my bolt in what is I believe called a happy ending.

Both girls are very polite and friendly and aim to please you. I enjoyed it and having a 2 girl massage was a new experience that I would recommend, especially if you (like me) have never had one before.

Unfortunately I think only massage & HR are on offer at this establishment but it is done very well and is probably as good as it gets with this particular service.
