### The Premises:

Flat in big anonymous block near North Acton station. Area OK. Flat itself was quite nice with carpets and a clean bathroom and bedroom.

### The Lady:

Blond, about 5'3" Polish, pretty, smallish breasts with nice nipples, nicely proportioned and a friendly face.

### The Story:

She advertises as x Eva 22 x on t'other site but I don't think the pictures are accurate. However the girl I saw was a smasher anyway in a girl next doorish sort of way. I actually went to see another girl there but I changed my mind when I met Eva. I might go and see the other girl another time.

Once we'd dealt with the paperwork I put on some stockings and a tight T shirt for a bit of kinky fun. She thought I wanted her to put the stockings on, but when I said I was going to do it, she wasn't phased.

Anyway, we started kissing in the middle of the floor and soon her hand wandered down to my cock while I licked her breasts and fondled her pussy which had a nice fat pudenda. We got on the bed and I started to lick her pussy and eventually managed to get a finger in and started pumping. She enjoyed this a lot and I soon had two fingers in. This went on for some time, and she then wanted to suck my cock.

We were both pretty worked up by this time and she continued to suck and wank my cock while I pumped her pussy. Then came the 3 minute warning, so I gave her a quick fuck which was a waste of time as her pussy was so wet, and then, as agreed, I came on her face with lots of creamy spunk.

Afterwards I felt terrible and apologised but she said it was OK. When I was leaving she made a point of looking me in the eye and giving the biggest snog I've had in a long time so maybe I did something right.
