The Premises:

A nice hotel in a central location. Very discreet and Jenna guided me to her room which was spacious with an en-suite bathroom.

The Lady:

Jenna is an absolute stunner! She has all the right curves, a beautiful face and the loveliest lips. She has a classic beauty and dresses to accentuate this in extremely sexy lingerie with stockings and suspenders. She clearly takes the time and effort to look her absolute best for her clients and is the very opposite of a production line escort!

The Story:

Jenna is extremely good at what she does. She made me feel welcome from the moment I arrived and provided excellent company. We chatted for a while before she undone my jeans and went to work on me using her mouth. Her technique is second to none and she slowly teased and tormented me till I thought I would explode. It is extremely difficult to drag yourself away from that kind of attention in order to move onto other things but it is worth trying to! Once I was spent There was no rushing me out the door. We chatted some more and I was offered the use of the shower. I got the impression that Jenna truly enjoys her job and at no point did I get the impression that she was watching the clock or trying to hurry me out. I got the full time booked and probably went a little over while chatting which she never seemed to mind. I can't rate this girl highly enough - Just book her and you'll see what I mean! Thanks Jenna xx
