The Premises:

Ok for the task in hand. Several independents working from the same flat. Parking during the day might be a bit tricky but at 7pm it was no problem.

The Lady:

Said she was from Hungary, but she knew enough English to get by, and I wasn't there for her conversational skills anyway. Pictures on the other site accurate. A real MILF with a firm body most nineteen year olds would be proud of.

The Story:

OWO to die for. She either enjoyed herself or she should move to Hollywood. Memory of those tits will get me through many a cold winters night.
