The Story:

The plan was to see Lilly monthly, but after our first meeting of a week ago, I decided that I couldn't wait for a month!

As per our last meeting Lilly is petite, with nice young firm boobs, she has a charming innocence about her and joy upon joy, some pubic hair which she says she is not going to shave off.

I had come for my usual oral only session with reverse O and fingering then owo and cim/facial.

So first, she laid on the bed and spread her legs, I laid down besides her and starting playing with her pussy with my right hand.

As she got wet through stimulating her clit I gently parted her pussy lips and slid one then two fingers into her and started playing with he G spot.

Then I went down between her thighs and started licking her inner thighs from one side to the other and just licking up and down her lips as I went from one side to the other. I then got to work with my tongue on her clit and in her sweet, tight pussy.

After a few minutes, she started to get very wet.

Lilly now lists facials and as there is a nice big mirror in the room, I asked if I could be sucked off with her on her knees and me standing.

She said that this was fine, so we moved over to the mirror.

Lilly knelt down and took me into her warm mouth and proceeded to suck me off.

This was a first rate blow job and I looked from the side watching her soft lips working on me.

This went on for a few minutes until I told her that I was about to come, at which point she speeded up and took me deeper.

Just before I came, I took over the wanking, Lilly opened her mouth and put her tongue out and I shot spurts of cum into her mouth and over her face, some going into her hair.

Once I had finished spunking, she spat the spunk that was in her mouth into a tissue.

I then helped her clean herself up, pointing out the spunk in her hair: as she was going home to Mum, it wouldn't be good to be seen like that!
