The Story:

There is little I can add to the many reviews written on Pia. I have been wanting to meet her for a while and took the opportunity to arrange a booking when I happened to be working in her area. Despite her other busy commitments, she went out of her way to see me and made me feel very welcome indeed!

I was greeted with a glass of wine and the chance to sit and get to know Pia who, from the very beginning of the meeting, shows the rare gift of making you feel the centre of her attention for the whole time you spend with her.

This was an utterly relaxing, unrushed and sensual two hours. Pia is very gentle and tactile: in her blog she promises to "pamper emotionally, physically and intellectually" and it really felt like that as we spent the time in lots of kissing, stroking and oral both ways. She is also extremely responsive to "pampering" herself and seemed to enjoy the time I spent on her before we found ourselves moving smoothly between positions as we built towards the inevitable climax.

Then there was time for more conversation, wine and chocolate before we went our different ways.
