The Story:

My context is in two plus years of escorts my experiences almost all vary from good to mind blowing, most being excellent. I only write here about the very good or very bad. This is one of the latter.

She does look like the pictures but her service and attitude is probably as bad as you will find anywhere.

Bad tempered, highly prescriptive and highly restrictive. You must lie down and let her do exactly as she wants or she gets very agitated and annoyed.

Covered O only, no kissing or anything other than basic lying down sex. Just asking for reverse O wasn't even on the cards not that I actually wanted to given her attitude. I asked if we could do doggy. 'No'. I asked for her to remove her top. She got annoyed and said 'Why all these requests? What did I expect for 150 pounds?!'.

I could go on but I won't bore you. Faced with such a bad natured, objectionable girl I lost all excitement and any desire and left early.

It's quite apparent why she is no longer on any other agencies. This agency was very pleasant and professional when I called to complain and were happy to take my comments on board, though apparently the girl had told them I had only paid and stayed for half an hour although I had given her ?150 for a full hour. I'm amazed they still have her on the site.
