The Premises:

Not a bad ground floor flat with easy and reasonably discreet access. Free parking outside. Felt perfectly safe. Shower functional.

The Lady:

To my mind gorgeous. Very slim with small but pert little turned up titties. Tight little arse. Pretty face. Tasteful tattoos

The Story:

Wow!! From the second I saw her I could not wait to get my hands on her. Started with her giving me a nice long uncovered blow job with those lovely soft lips whilst looking at me with those cute eyes. I don't easily cum by a blow job and so after a short while she put on the rubber and I rode her tight little hole in the usual positions until I unloaded in missionary. (must have been feeling strong as aty one point I was carrying her around whilst fucking her)She spent a lot of time cleaning me up until we had a nice light massage and began round two. Much of the same but this time I took time out to lick her perfect little pussy and arse which she seemed to enjoy. Finally rode her energetically until I spunked in her once more. I would highly recommend this girl as she was very friendly and great fun to shag.
