### The Premises:

Adequate flat opposite train station

### The Lady:

Small, fit with enhanced boobs

### The Story:

Very mechanical (as someone wrote previously), keen to move on from the oral and went through the motions with sex, obviously keen to get it over with. Out of the several encounters that I had during my recent whirl of London's flesh pots, this was the most disappointing but I should have listened to the PN reviews. I am reluctant to not recommend as if you like small Thai girls with big boobs you might find it worth it. But not for me. It has been a long time since I have found an asian girl who does it right for me. Think I will stick to the east europeans.
