### The Story:

Arrived at her place to a warm greeting, but inside the place was freezing cold. I was directed to a small, messy downstairs room and lay upon the creaky bed. She did offer to put on a small heater but the sound of it was loud enough to drown out any conversation. I had enquired about services prior to making an appointment, but found these poorly or scarcely delivered, such that french kissing was absent and CIM and swallow became CIM and spit on recipient. Disappointingly, her lack of personal hygiene also meant that I didn't even attempt reverse oral. Due to the cold and the feeling of being rushed, I was keen for this episode to end, but was hoping for a shower to freshen up beforehand. I was given a towel, but in the absence of any hot water, I gave up and made a hasty retreat.
