The Premises:

A modern end-terrace on an estate a couple of miles from the centre on the Northwest side of town. Perfectly fine and safe. Parking no problem.

The Lady:

Small, mid-20's, attractive face with nice bum. Even better with her clothes off as she had shapely breasts with large nipples.

The Story:

I rang to make a booking and rang again when nearby for the address. I was met at the door and taken upstairs. It seemed there was another lady who was busy at the time but I liked the look of this one. A gentle teasing massage was followed by excellent covered oral. She then climbed on top and we subsequently finished nicely in mish with lots of encouragement from her.

The problem was interruptions. She was gone quite a while after I handed over the money and it seemed she had to answer the phone, which she did while giving me a massage! When it came to oral she discovered there were no condoms in the room so she popped downstairs to get some. The phone was vibrating through the session and as soon as we were finished she hopped off to answer it. In the circumstances it is testament to her charm and skills that things went as well as they did.

The problems may have been more of the establishment's making than hers, but they marred an otherwise enjoyable occasion. It also means I can't in honesty recommend or plan to go back
