The Premises:

Less than 5 mins walk from Holborn tube station. Clean, safe apartment in a quiet building.

The Lady:

Genuine Japanese, not Thai or Chinese etc a little over 5ft tall, slim, soft body, fairly busty & long dark hair.

The Story:

Gave directions on the phone, easy to find if you know the area.

Sorted paperwork & we both started to strip, yoko had her clothes off in no time & then helped me out of mine.

She likes to start off with a massage, firm at first then slow & sensual, it's a proper massage she makes sure she covers every inch of your body!.

We then moved onto Oral, uncovered all the action was with mouth & tongue, no hands involved just the way it should be done!.

She Climbed on top & rode me, softly & gently I could have stayed in that position all day !! but I had to be somewhere so we changed to mish where I quickened the pace till I exploded in the hat. By the noises she was making she enjoyed just as much as I did.

Helped me to get dressed even insisting to put my socks on for me ...all very much in the Japanese Tradition as was bowing in front of me before I left... All a 1st for me ... a bit weird but pleasant at the same time.

I shall return it was a excellent punt.
