The Premises:

Shared flat with various other WGs. Only one shower so things can get a bit crowded.

The Lady:

The same woman as in the photos but in real life, older-looking, fatter and smellier. Described as 19 but probably in her mid-late 20s.

The Story:

A pleasant enough woman but a bit of a dog to be honest. The photos are brilliantly taken. The reality is less alluring. But the most off-putting thing was a rather nasty smell from her lower regions. What was even more frustrating was that lurking in the kitchen was the very attractive Vivian who is also on Admiral's books (see my previous FR). It was rather like choosing the wrong dish at the restaurant. At the neighboring table they were eating steak with Mouton Rothschild 95 whilst I was forcing down the boiled horse testicles with an accompaniment of fermented Yak milk.
