The Story:

I met this lady before. I decided to make some effort to see her again this week. Her place was about 30 min drive from me.

I really do like her as a person. I had been thinking about her ever since the last time. There's something very, very special about her. Maybe is the way she kisses me on the lips, the pleasurable love making, her smell, or her sweet, angelic, and innocent appearance. She's the kind of girl I would fall in love with and take home to see my mum.

She looked great when the door was opened. It's evident that she made her effort to make herself presentable and fresh. Elegant and beautiful! I was given a kiss immediately. I like the way she held my hand and led me upstairs to her bedroom. Felt like coming to see a girlfriend who I missed dearly after a while.

To me, this meeting wasn't just about me getting what I wanted. I wanted her to enjoy it as much as I did. I just love kissing her all over, SLOWLY. She's my girlfriend. I can still smell her scent on my skin. I am going to bed with her smell tonight!

Best wishes
