The Premises:

This private flat is located about a 3 minute walk from the tube station. It is very discreet, comfortable and there is a shower. facility.

The Lady:

Jojo is an oriental girl from a Hong Kong background. She is about a dress size 8 with 36B breasts. She directed me to a house across the street to make sure I wasn't a threat. She then greeted me in the street and led me over the road to her flat.

The Story:

The session consisted of her licking me very sensually on the balls and penis and then proceeding to give me covered oral. The licking and gentle sucking was the best I've ever received, she really is an expert! The oral brought me very close, but I just couldn't go over the edge so I asked for a slow hand finish.

After coming, Jojo gave me areally excellent massage. She is obviously trained and it showed. I have a shoulder problem and she definitely helped to unknot it. It was now 10 past ten so over the allotted 30 minutes. I may return just for the massage.
