The Premises:

One of the 'behind Staples' places familiar to many of us... Safe and secure, with a nicely presented bedroom, candles and a big mirror adding to the naughty ambience.

The Lady:

Tall and wonderfully curvy, great breasts, long legs and such a squeezable bum. Hair not as red as her pix (tho this may have changed by now), but lovely and framing an equally lovely face - dressed all in black, not just undies (lovely tho they are), but blouse and skirt as well. This is a classy and charismatic lady.

The Story:

I had of course seen Chloe in her old role, and always thought it would be wonderful to spend intimate time with her, so I couldn't not take the opportunity - especially with her 'early bird' offer (hence the price above).

Chloe did not disappoint, she's sexy and sensual, from the first kisses I knew this was going to be a super meeting... And there were lots of kisses, stood up and slowly undressing each other, it was a particular joy lifting her skirt and seeing her bum in the mirror. It's all a bit of a blur, but another highlight was a bra that unzipped from the front to reveal perfect big natural boobies.

When naked we moved to the bed to continue getting to know each other, with Chloe's mouth finding my cock (she asked if I preferred covered or uncovered, not a choice I ever have to think about) where she gave me an incredible blowjob, lots of spitting and eye contact. As a great fan of oral, I was happy to spend most of our time like this, but I do like to finish with DFK whilst being brought to orgasm by hand which is how Chloe made me a very happy boy...

We then spent some time putting the world to rights inbetween kissing and cuddling, and more of the same whilst slowly dressing again - Chloe is absolutely NOT a clock watcher, and whilst I paid a lower price, I got an extremely premium service - which, as with those few best ladies, never felt like a service.
