The Premises:

This flat was easy to find from the tube station which is a few minutes walk. The entrance is very discreet which is a great bonus. Once inside the immediate impression is very good, as the place is clean and nicely decorated with nice bedding. A very good first impression.

The Lady:

Wow wow wow. The website states the pictures they show are accurate, but it was a great relief when Lara entered the room. She is a very beautiful woman with an amazing body. Lara was dressed in some very sexy lingerie with black stockings and a little skirt - An absolute knock-out. Great boobs, great bum, very sexy body and a beautiful face. What more could you want.

The Story:

I'm not one for blow by blow (pardon the obvious pun) reports, but the highlights were the really amazing kissing, very tasty and responsive pussy, excellent blow job and a great finish with Lara on top.

Being a lazy bugger, I'm a bit of a fan of the cowgirl which is generally ruined by women who go at it like they are riding a bucking bronco - desperately trying to make you cum. With Lara this was not the case as she rode me expertly (sometimes quick and sometimes wonderfully slow), knowing what felt good and boy did it feel good. A great finish to a great session.

My time was up, but even then Lara wasn't in a rush to throw me out the door. She talked to me and kissed me as I got dressed, which made the whole experience even better. I was smiling for the rest of the day, actually I'm still smiling.

The overall experience was a true girlfriend experience from a very sexy woman with a great attitude. A rare find.
