The Lady:

Julia is a pretty, young, petite, blonde Polish girl who has not been escorting for long. She immediately put me at ease with her happy and amiable personality.

The Story:

I usually prefer the slim, brunette type but Julia's photo looked so appealing that I decided to give it a go. We began with a shower together then onto the bed for a no rush kiss, cuddle, chat & a laugh. I told her about my visit to a town in Poland a few years ago &, what a coincidence, it's her home town! I kept telling her how lovely she was but she was criticising her body, saying she was too fat & her bum was too big but laughing about it. We kissed gently at first but gradually progressed to being more passionate, exploring each other's tongues. I moved down to suck her breasts for a while and Julia was very responsive. I licked her tummy, thighs and settled down to oral which she was loving & I could have continued like this all day! I put a finger in which she accepted & I occasionally pressed my thumb into her bumhole. She eventually gripped my head with her thighs & came to a shuddering climax. Her oral on me was a bit fast and I had to tell her to slow down and lick my balls and shaft rather than having it in her mouth all the time. She complied without any fuss. Then I just had to have some more of her sweet tasting pussy so I positioned her into 69 which was wonderful until I just had to fuck her. We remained in in mish so that I could kiss her pretty face and try to prolong the pleasure. Her reaction told me that she was close to cumming and we eventually climaxed together. We both lay back to recover and were soon kissing, cuddling, chatting and joking. Then, with Julia lying face down I gently massaged her & gave her some rimming with which she seemed pleasantly surprised. I turned her over to lick that gorgeous sweet pussy till she came again. We lay together for a while & I kept saying I didn't want to leave and she enjoyed stroking my hairy chest. When I eventually got up my watch showed that it was well over the hour. This was definitely the best no-rush, natural feeling GFE I have ever experienced and this was with a newcomer to the scene who seemed to enjoy our time together as much as I did. I'm going to find it hard to stay away until I can afford to visit her again!
