The Lady:

Jan is in her early 50s but has a body (and sexual enthusiasm) of a much younger woman. Slim figure, nice tits and a shaven pussy. Her skin is silken smooth to the touch and lovely to caress. Jan looks after herself well and is physically very fit.

The Story:

Having recently suffered a personal tragedy, I was in need of the solace and comfort of a woman's body and, as soon as I had the opportunity, I made arrangements to visit Jan. She was the obvious choice for me. (I first saw her some four years ago and have seen her over a dozen times since.)

It was a cold January day and I was very agreeably surprised to be greeted by Jan stark naked, with her nipples already erect in anticipation. She lost no time in leading me to her bedroom where I removed my bulky winter clothing, leaving her to finally remove my underpants and fondle my cock. Jan has a full length mirror by her bed and we stood in front of it while my fingers explored her. I could not wait to be in her and it was on with the condom and into the missionary position.

We both like oral sex and much of the time was spent pleasuring each other with tongue and lips in various positions. I always like it when the time comes for Jan to take me in her mouth and swallow my cum which she enjoys.

I'm a "one shot" man, so after I came, Jan suggested some tea. So we lay naked on the bed with our cups of tea, chatting with no worries about the time.

The whole session was just what I needed. Jan is a lovely woman, so treat her well guys. She is worth a long journey for a true GFE.
