The Premises:

Easy to find about 10 minutes walk from the town centre, a terraced house next to the canal and by a bridge. Safe and discreet. Inside, clean and nicely decorated, having read some other reports I expected worse. The bedroom was clean, tidy, warm, and welcoming. Separate bath/shower, a bit scruffy but adequate.

The Lady:

Slim young blonde, bobbed hair. Local girl, wearing a track suit which came off to reveal nice underwear and a good body. Clean and fresh, faint smell of cigarette smoke but not enough to be offputting.

The Story:

She kept me waiting for about 5 minutes and her general attitude seemed to be one of disinterest although she was quite chatty and pleasant enough. No kissing. I just got the feeling she wasn't interested in the sex part of what she was doing although once we got into it it wasn't bad at all, a nice OWO, 69, and then into doggy enjoying the view of her lovely backside while she fingered her clit.

For ?40 for half an hour, I don't blame her for not being very enthusiastic and although I would not recommend the service if it were priced at the more typical higher Chester prices, for the price I paid it was excellent value and I walked out satisfied. Have had worse services for more money.
