The Premises:

Second story flat hidden in the warren of streets just north of Marble Arch. The outside door looks in need of a lick of paint, but inside Zizzi's flat was very nice. The decor was very pleasant and conducive to a seductive and erotic encounter. As is generally the case the lighting was subdued to the point of being gloomy. I find it odd most Thai girls seem afraid of good lighting - I mean they all have lovely bodies and I'd have liked to have been better able to see better to admire Zizzi's. The bed was nice, there was a sofa I'd like to play on another time and a few mirrors dotted around, though to tell the truth not quite as well positioned as they might be. The bathroom was also very nice - en-suite and down a few steps from the bedroom - which added to the charm.

Overall a very nice place for a punt, the only downside being I doubt even during the day I'd be able to enjoy looking at Zizzi in natural light.

The Lady:

Very petite - well tiny really. Very pretty - the pictures on the website convey the impression, but in real life when she smiles she almost glows. Zizzi has a splendid natural figure. While I do prefer a girl with more up top, Zizzi's boobs were lovely to hold and gently squeeze and her nipples were nice to nibble on. She's slim waisted with a delicious rump and lovely legs. Overall it doesn't come much better without implants.

Personality wise Zizzi is simply delightful. Very friendly and exceptionally eager to please and entertain. Usually I'm rather nervous and a bit shy when meeting a girl for the first time, but I felt at ease with her at once.

Zizzi seems younger than many an Asian escort but certainly knows what she about and amply demonstrated she has all the skills needed to keep a man happy and then some.

Personality, looks, physique and talent - Zizzi is everything a really top class escort needs to be.

The Story:

The edited highlights:

An excellent punt with the latest recruit to Aisha's agency. Zizzi will surely become one of the most popular Asian escorts in town - she is great fun to be with, looks fantastic, has a glorious body and is very eager to please.

What's more she knows a great deal about how to please!

I tend to go more for the wham bam PSE you get with girls like Maria and Cherry, but Zizzi's sensual GFE blew my mind! Amazing fun!

One thing that does puzzle about Zizzi is the number of different names she uses. She advertises with - or at least her pictures are on - more than half a dozen Asian escort agency web sites. But in almost every case against a different name. Before seeing Zizzi I'd already noted field reports about two escorts 'Jenny' and 'Bunny' who sounded like they might be fun to see. Further investigation has revealed both were actually about Zizzi. Further alternatives are 'Zizi', 'Jade', 'Jemma' and (according to Aisha) 'Pixie'.

To avoid confusion in my pea-sized brain I'll continue seeing 'Zizzi' as Invasian - but I'm sure if you visit her under any of her various pseudonyms you are bound to have a great time!

The director's (un)cut:

I'd tried to get to see Kate the week before, but due to a mix-up the meeting never happened, so I phoned Invasian with the intention of remedying the omission. Aisha's gentleman receptionist thought this would be okay, but alas texted back a few minutes later to say Kate was already booked up by some lucky chap at the time I wanted to meet. I called back and inquired if Zizzi would be an option - rather more in hope than expectation - since she seems to be engendering a certain amount of discussion at the moment. The receptionist was however more confident and a few minutes later I was delighted to get a confirmatory SMS message.

I got a bit lost making my way over to the flat, my phone's GPS couldn't locate any satellites and my feeble eyesight combined with feeble street lighting made reading my map a challenge. I began to get a bit concerned only to look up and find I was at a crossroad with the correct street and turning right that I was outside the correct block of flats. I was even a bit early. I wandered up and down for a minute or two until I felt I could legitimately ring the bell.

To tell the truth, from the outside the place looked a bit dilapidated. Inside though it was fine. At my knock the door to Zizzi's flat opened and I entered. The door closed and Zizzi came into view. She was wearing a matching bra and thong some high heels and a big smile. She looked wonderful. I was led through into her boudoir, which was decked out in just the style for a romantic and erotic encounter. Zizzi moved close, so it seemed natural to kiss though with lips not tongues. When I visit a girl for the first time, there is always a worry that things are not going to work out. However with Zizzi, I was already sure that whatever happened I was going to have a fantastic time.

She asked what I would like to drink and I asked for a beer. She left the room and I got out of my coat and jacket, digging out my 'gift'. Zizzi returned with a couple of bottles of beer. She opened one while I sat down and struggled out of my shoes and socks. A sip of beer and then she was helping me out of my shirt and trousers. It seemed natural for me to help her out of her clothes so I slipped off her bra to reveal her lovely little boobs and then eased the waistband of her thong over her hips so it could float down her legs to her ankles.

Zizzi asked if I'd like to wash. I of course agreed and was led down into the bathroom. I was a little surprised to find that she'd drawn a bath. I've always loved the shared bath bit of visits to Asian escorts, but Aisha lists out who specialise in this service and Zizzi wasn't on it. She knew what she was up to though. The bath was a pleasant temperature and not too full. I got in and she followed and I had the usual fun, as she made sure I was nice and clean. As is often the case my cock got very hard. Zizzi was complimentary about its dimensions - and it has to be said against her tiny frame it did seem quite impressive. There was lots of foam in the bath and she played a little game

piling it up over my swollen knob, before licking the foam off and taking its straining tip between her lips. I groaned in delight. Her fingers played between my legs making sure my balls and the crack of my arse were nice and clean as she drove me wild with her mouth. With an effort I kept myself under control and suggested we get out.

Zizzi helped me dry and then we moved back to the bedroom. Some more kissing. Not DFK, but this time Zizzi allowed a little tongue play. She then knelt down to apply her tongue to my cock. Delightful. I was backed to the bed and then onto it. Usually I find a girl ends up between my legs sucking my cock around this stage of proceedings, but Zizzi has a slightly different idea and positioned herself on my left side leaning over my cock and giving me a close up view of her gorgeous bottom in the mirror by the bed. While she gobbled on my swollen member I stroked her buttocks and her quim. When things started getting a bit intense I diverted her attention down to my balls for a bit. With the gentlest of hints Zizzi delved a little deeper. Lifting my leg up so she had better access, I settled down to enjoy a delicious rimming.

This was awesome fun, Zizzi's lips and tongue played with my cock, then my balls then she was licking away at my anus, before moving back up again. As she moved back up her fingers stroked my ass and then my balls taking advantage of her saliva as lubricant. I dragged out this exquisite teasing for as long as I could bear before urging Zizzi to make me come. Her mouth fastened over my cock and with her hand cupping my balls she eagerly brought me to the point of no return and had me coming explosively in her mouth. She held me there as I groaned and shuddered and shook until finally my orgasm subsided.

Zizzi discretely disposed of my offering and cleaned me up before departing briefly to the bathroom. I took a much needed swig of my beer while I away awaited her return. She rejoined me in a minute or so and suggested a massage so I rolled over and let her at it. She worked away at my legs for a little while then moved upwards. Around this time I was beginning to get frisky again and was reaching back to stroke her lovely little body as she began kneading my back. I rolled over and began nibbling on her pert boobs and suckling her nipples. Then I encouraged her to move astride my face so I could eat her pussy. Zizzi seemed to enjoy my attentions and I certainly had fun lapping away at her clitty and quim. She seemed to get very excited and in the meantime I began to revive.

Soon my cock was hard again and Zizzi appeared to reach a peak. I suggested we might find a condom. She obliged, throwing in another comment on my 'size' which while a little over the top bolstered my pride. Once I was suitably attired, Zizzi nimbly move astride me and squeezed my swollen member up into her tight little snatch. I hissed with delight. Then she began to bounce up and down on me. Awesome!

I let her ride me for a little while before deciding it was my turn in charge. I rolled us over, but slipped out as I was doing so. I wasn't quite as stiff as is ideal for such a snug quim as Zizzi's but after a quick wank while admiring her glorious little body, legs spread wide and invitingly this was soon remedied and leaning forward I eased back up inside her. We started with in a fairly conventional missionary position, before I endeavoured to ease Zizzi's legs up onto my shoulders. This seemed a bit of strain for her, but she was quite happy when we ended up with both her legs tucked up over my right shoulder a position that afforded nice deep penetration.

I pumped away at a gentle pace for quite some time like this - it was pure bliss - and Zizzi seemed to be enjoying herself too. Then I suggested she might roll over for some doggy. Taking her from behind was also delightful. However having pumped away for a little I succumbed to the tempting sight of her little rosebud peeping at me from between her taut round buttocks and I asked if we might try some anal. Given her size - and her comments about mine - I expected a refusal. However although Zizzi did express some doubts, as I was 'very big', she seemed happy that we should try. She grabbed a lube dispenser and applied generous quantities to her posterior portal and to my cock. Then taking my shaft in her fist, Zizzi tried to ease it past her ring. It resisted. She paused for a moment and then said 'this time' and tried again. This time I could feel my knob squeeze through

and gently pressing forward I sank deep into her fundament. I made some incoherent noises of delight.

Zizzi commented I was 'very big' again, but seemed more pleased than distressed that my cock was now pushing further and further up into her bottom. We started very slowly and eased up to a gentle but steady rhythm. It felt amazing. Zizzi's ring was exquisitely tight, her rectal passage soft and warm. Her firm young rump pushed back to meet me and I enjoyed a glorious session of anal sex allowing the firm grip of her sphincter to slowly edge me to an amazing and intense climax. Finally I erupted deep in her bowels with a bellow of delight.

My body seemed to shudder and shake for what seemed an age before my orgasm finally subsided and I managed to ease my cock out of Zizzi's bum and collapse beside her on the bed. Zizzi was giggling seemingly with delight at the pleasure she had brought me and eagerly cuddled close for a little while I lay slumped in post orgasmic bliss. Alas however my time was up and I had no desire to outstay my welcome.

The fun was not over though by any means. Zizzi asked if I'd like another shower and eagerly accompanied me back to the bathroom where we washed and groped one another under the spray of hot water. Then back in the bedroom she helped me get dressed and split the second bottle of beer with me. All the time she was thanking me for coming to visit. This was definitely the wrong way around! I did my best to balance the books by thanking her in return. Finally I had to go, I left a little after the hour - but what an hour it had been! I have a lot of very nice encounters with a lot of very nice ladies, but this one was one of the best. I must have had a very silly grin on my face all the way home.

Overall:

Zizzi is a star! No surprise to those who have seen her before no doubt, but it's been a long time since I have been so instantly enthralled by a young lady. It certainly sets a very high standard for the rest of my punts this year. Fingers crossed it is a harbinger of a great year overall!
