The Premises:

Jessica came to my hotel that i was staying in on business. She came at short notice which i did appreciate.

The Lady:

Jessica arrived in a stunning black dress and high heels very classy and sexy but also discreet. She has lovely long hair, long legs, very great assets so i was very pleased when i opened the door.

The Story:

To start we chatted and drank champagne, she is very intelligent, but also had a naughty wicked sense of humor. She started my massaging me, a full body one, and wow is she good. The when i was fully turned on (not long) we enjoyed each others bodies. Plenty of oral both ways which she loves! and then into 3 or 4 different positions.

i am not going into great detail as she is a lady and that wouldnt be right...lets just say i had an amazing time ! something i will def be repeating when i get the chance. Treat her well is all i can say she is a treasure.
