### The Premises:

We met at Isobel's flat in a reasonable residential street near bus routes and overground stations.

### The Lady:

Isobel is a well built English lady with thick dark hair in what I would call a well cut bob, and with bright lipstick she has a sexy vampish look. Looks and dresses like Betty Paige

### The Story:

I had some free time this afternoon so decided to stop off and see Isobel. As requested she was dressed in a black dress which soon came off to reveal stockings and suspenders.

After some kissing, sucking her lovely nipples and giving her sweet clean pussy some licking I was giving her some finger stimulation to all points including her bum. After playing with it and lubing up, Isobel knelt on the bed so I could slip in and enjoy a few minutes of anal fun.

After some recovery time, Isobel got me hard again and we enjoyed some deep stick mish and doggy with her on the edge of the bed before she knelt down in front of me to finish me off with her lovely mouth.

A nice way to end the day
